ABOUT ME: -

Tofique Khan is a Frontend Developer with over 2 years of experience, passionate about solving problems through design thinking to create user-friendly solutions. He has worked with research institutes, service companies, and startups, gaining expertise in the three phases of User-Centered Design: Research, Design, and Evaluation. In addition to his strong knowledge of on-page SEO elements, Tofique specializes in website speed optimization, ensuring faster and more efficient web experiences. With insights into diverse work cultures across India, he seeks projects where he can design innovative solutions that align user needs with business goals, focusing on information ecology.
